FINDING YOUR EXAM TIME IN MATH 1132

Everyone was supposed to pick an exam time, 6 to 8 PM or 9 to 11 PM, when registering. **You must take the exam at the time that you picked.** How can you find that time?

**Step 1.** Go into Peoplesoft: from [https://student.studentadmin.uconn.edu/](https://student.studentadmin.uconn.edu/), click on the Login button under “Students, Instructors, Advisors”.

**Step 2.** View class schedule in Peoplesoft: go to Student Center and click on “Enroll” in the upper left corner. Then click the “Class Schedule” tab under “Academics” (see screenshot below). After that, select **Spring 2014** as the schedule you want to view.

![Class Schedule Screenshot](image1.png)

**Step 3.** Find exam time: filter classes to show only enrolled classes, and scroll down to Math 1132. In the (2nd) “Section” column, the exam section ends in EX. See the screenshots below (01EX and 02EX). The exam time is 6:00 PM - 8:00PM or 9:00 PM - 11:00 PM.

**Step 4.** Do a little dance, since you now know what time to take your math exam.

**No EX Section?** If you have no registered exam time, contact your TA.
